DIABETES WEEK PROGRAM FOR BETHEL

Urine tests and blood sugar tests will be offered to the citizens of Bethel and surrounding towns as a test for diabetes during Diabetes Week, Nov. 8 to 12, at the office of the Doctors Wadhera.

Dr. Om Wadhera is serving as chairman of Diabetes Week in Oxford County for the Maine Diabetes Committee of the Maine Medical Association. He will do free urine test screening in his office anytime between the hours of 9 a. m. and 5 p. m. Monday through Friday, during Diabetes Week. Persons interested should go to his office preferably two hours after eating a heavy breakfast or lunch.

Dr. Wadhera recommends blood sugar tests as a more reliable method of detecting early or mild diabetes. Persons interested in having this test may go to his office at 2 p. m. any day Monday through Friday during Diabetes Week, and should eat a heavy lunch two hours before taking the test. (Sample menus are posted in area stores.) There will be a fee of \$2.00 for the blood sugar test to cover the cost of lab charges.

According to Dr. Wadhera, anyone, any age, can have diabetes but those most likely to have are relatives of diabetics, people over age 40, and those overweight.

"These persons," he said, "are especially urged to come to the office for a test."

Dr. Wadhera points out that diabetes is the fifth leading cause of death by disease, the second leading cause of new cases of blindness and a major cause of heart attacks and kidney failure.

He stresses early detection and proper control to improve a diabetic's chances of leading a productive life, and urges all citizens to be tested during Diabetes Week.

Blood sugar tests are also being offered at Rumford Community Hospital during Diabetes Week but, as a convenience to persons living in the Bethel area, Dr. Wadhera is providing this service at his office.

TOP TO BOTTOM SKIING AT SUNDAY RIVER

Pre-Thanksgiving skiing is a reality in Maine with modern snowmaking systems. Sunday River Ski Area is very serious about snowmaking and its use to provide skiers with snow. At this time, one and a half miles of trails serviced by a mile-long double chair are open daily. Sunday River's snowmaking system, one of the most advanced in the east, has made this possible during the present cold spell.

According to manager Les Otten, "Pre-Thanksgiving skiing on man-made snow is a serious step in expanding our sport in the fall and spring. It's not a publicity stunt; we have a lot of good skiing and expect that just as many of us are used to playing indoor tennis in winter. Skiers will take advantage of fall skiing on man-made snow." The Essey-Cascades trail is totally intermediate. This year instead of making snow on the beginner's slope, Sunday River started at the top of the mountain 12 days ago and, although there was wet and cold weather at lower elevations, the top of Sunday River has remained cold.

Sunday River Ski area is proud of its accomplishments and, according to Mr. Otten, "These last few days mark only the beginning of our snowmaking effort with much more man-made and natural snow coming soon." Beginning Wednesday, Nov. 10, Sunday River Ski Area is operating daily from 9 a. m. and on week ends from 8 a. m.

COMMENTS FROM THE TOWN MANAGERS OFFICE

The Board of Selectmen met in regular session Monday night, Nov. 8, and acted on a variety of items.

Following hearings, liquor licenses and amusement permits were approved for the Bethel Inn and the Sudbury Inn. There were no citizens present to speak for or against the licenses or permits.

Following discussion, the Board voted to install a convertacom radio in the Police Chief's personal automobile. This radio unit has been obtained through a grant from the Law Enforcement Assistance Administration with the town paying 10% of the cost and the federal government 90%. This is a combination mobile/portable unit and its installation in the chief's car will provide the department with improved communication capability.

The Town Manager and Town Clerk reviewed procedures used at the Nov. 2 general election with the Board. It was pointed out that because of the substantial increase in registered voters, additional voting booths will be required for the next election. It was also mentioned that the guard rail in need of replacement. After congratulating Town Clerk Merton Brown for an excellent job in overseeing the election, the Board voted to have the Manager and Clerk proceed to obtain a new guard rail and four additional booths prior to the March election.

The Board reviewed a Forest Guidance Report from Kerry Huckins for the Town Farm Lot continued on Page Eight

TELSTAR BLANKS MEXICO 14-0 IN TRADITIONAL RIVALRY LAST SATURDAY AFTERNOON

TELSTAR's Rebels scored in the first and fourth periods to gain a 14-0 win over the visiting Mexico Pintos in their Mountain Valley Conference wind-up last Saturday afternoon.

It was the fourth triumph for the Rebels to go with three losses and a pair of ties. The Pintos bowed out with four wins and five losses.

TELSTAR took the opening kickoff and marched 65 yards in 12 plays with Mike Brooks registering the six points from the two. Brooks also rushed the conversion points. Mike Dunn picked up 39 yards in four carries.

The Rebels' other score came with less than two minutes left. TELSTAR drove 60 yards in 16 plays with Chris Mills' culminating the march by hitting out from the two. A rush for the conversion was stopped.

Mexico's deepest penetration, to the TELSTAR 24, was halted by a stiff Rebels defense. Other Mexico threats were nipped in the bud by three interceptions, two by Dave Webster and one by Larry Bennett.

Red Cross Blood Drawing Clinic To be Held Nov. 22

Plans are well underway for the annual Red Cross Blood Drawing Clinic to be held at the Gould Academy Gymnasium, Nov. 22. During the next several days volunteers will be contacting many people in Bethel and surrounding communities to solicit donors.

Those already having volunteered as workers are Eleanor Jodrey, Michlene Roy, Kathy Tremblay, Gwen Stecher, Nellie Frankiewicz, Ruth Verville, Frances Harding, Pearlina McMillin, Sally Ramage, Dana Douglass, Barbara Douglass, Carolyn Brooks, Mary Chadbourne, Jiri Brooks, Muriel Whitney, Betty Ann Hastings, Cindy Sumner, Mary Lou Fiske, Patricia Hudson, Phyllis Dock, Dorothy Sullivan, Mary Angevine, and Sue Bartlett.

Anyone not contacted and wishing to be a donor is urged to call Muriel Whitney at 824-2856 or Nellie Frankiewicz at 824-2543 and an appointment will be arranged. If, however, you are unable to be a donor, why not volunteer your cooking talents? Several dozen cookies will be needed as snacks for the donors. Call one of the above and help this worthy cause.

NEW BETHEL BROCHURE BEING PREPARED BY CHAMBER OF COMMERCE

The Chamber of Commerce is presently preparing a new brochure to promote business in the Bethel area. The full-color brochure, measuring 9 x 22.5 inches, will reflect the following subject matters: professional services and organizations; churches; community activities; inns; history; shopping; recreation; education; industry; scenic/recreational; winter recreation.

A need for color photos (preferably slides) depicting Bethel scenes is still very real. If you have photos that might be useful, please contact John Willard or Steve Wright.

All Chamber business members will be provided an opportunity to sponsor the brochure. A contribution of \$25 will give them a listing of their business name, category, and telephone number. Specific institutions and businesses which stand to benefit directly are asked to contribute \$100. This is a necessary feature which, it is hoped, will nearly cover the cost, the balance to be paid from operating revenue (dues).

Members kindly contact John Willard (824-2781) or Louise Lincoln (824-2340) if you have any questions or wish to have your business listed in the brochure. If not yet a member, why not join the Chamber and then get your business listed along with all the others?

HISTORICAL SOCIETY HEARS WEST BETHEL HISTORY

At the monthly meeting of the Bethel Historical Society held Thursday evening at the West Bethel Union Church, Mrs. Libbie Kneeland, life-long resident and collector of West Bethel materials, spoke on the history of that community. Mrs. Kneeland's talk was highlighted with slides of West Bethel's past. West Bethel began with John Grover who is believed to have gained title to all the land in that part of town for his services in the American Revolution.

Mrs. Kneeland surveyed the major dwellings and commercial buildings in that part of Bethel providing a careful listing of each. She also discussed the great influence of A. S. Bean in the village who also built and endowed the Union Church. West Bethel is indeed a unique blend of commercial, industrial and agricultural enterprises much as it has been in the past.

Refreshments were served by the church. The Society is most grateful to the Ladies Aid and the people of this community for their fine and generous hospitality.

Greenwood City —

— Mrs. Collette Morgan, Corres. —

On Wednesday Ruth and I were off to seek the silent woodland where no sound of wheels was heard—except once. We went where distant mountains stood out like daisy silhouettes. A river and rivulets were meandering through the valleys.

We had left the car at the so-called Foster place and turned left toward the deeper forest. Because of the freeze and thaw it was a bit slippery in places. What did it matter? There was plenty to see; runnels winding snake-wise among the rocks and beside the road, shady boulders and fragrant sweet conifers.

Today when we came to the fork in the road we took the right turn. All along the way we were reminded of "Those sturdy men of yesteryears." Through the days of winter's cold and slush of early spring, they toiled with teams of horses. The fallen logs to bring." Ernest Sharpe

The cellar walls of one house where we passed contained nearly fifty rusty buckets once used on maple trees to catch the maple sap. These were used when the old house stood here in the valley. One feels that he who chose the site must surely have loved hills and woods and singing streams.

We came upon a clear sandy pool, pure as the crystal's gleam, jewel, untroubled, dropped from the heavens. A tiny portion of it slipped away to make a bubbling brook that danced past tall grasses. It looked as if we were laughing as it tickled the well-aged rocks.

Fresh tracks, tapering to the sharpest points, had very recently gone ahead of us then into the shadows which crept farther and farther out from the edge of the forest. We hoped to see a golden doe, a flick of tail, or a twitch of ear but all we saw were the twin crescent traces where they had walked in many places.

Little ice flowers, resembling prismatic colors of chandelier jewels were all along the road sides, sparkling when the sun hit them.

We did not know where the road would end and as always we wanted to know what was beyond the bend.

The chipmunks were busy gathering beech nuts and acorns.

Red berries grew on banks and mosses among them.

Out of some recess of the woods a tinkling of tiny bells fell soft upon our ears; the chickadees.

One section on a little slope was a jumble of rocks of all shapes and sizes. How strange that so many were in this one spot; a chaotic grandeur on a lonely hill.

We had to turn back before we found the road's end.

A couple of partridges startled us with their boom!

A hollow log, big and no doubt inviting to come animals rested near the road. But what I remember most is a beech stump, about ten inches tall, gray with darker markings, six inches in diameter and located in front of a one time giant of the forest. From the top of this small one had grown twigs now covered with leaves to arranged, and in so real a vase that it seems as if I should brought it home and should now have it as a center piece on my table.

Another month and the snow will drift strangely and fiercely among the trees. Possibly the road will be open for the lumbermen and we'll travel it again. For now we'll remember the paths followed the clouds reflected, the spruce ranges, and the solitary mountains, the pure unblemished beauty and the space.

DARKNESS AND LIGHT
by Dr. J. Philip Jackson
Community Church,
Rumford Center

The final words of a great philosopher and poet were: "More light." Darkness gives birth to rebellions, wrenches the stars from their sockets then leaves the world to grope in despair.

This age is catastrophic with dark predictions and in the deepening twilight, each generation has dug its own grave and in the night of despair has buried its dead.

A rising black tide of crime engulfs our age, with a cost out-weighing that of religion and education.

There is the darkness of fear. A man gripped by fear is afraid of life, death, himself, friends, and God.

There is the darkness of anger. Reason is blinded, judgement is veiled, thought distracted and the truth is bludgeoned into insensibility.

There is the darkness of unbelief. There is no purity in man, no virtue in woman, nothing but hypocrisy in the church and society a seething mass of rottenness.

In the darkest hours of human night and spiritual apostasy there will always be a lighted torch in the hands of the true redeemed community. God has a light; Jesus, the light of the world.

The light of Christianity is not locked into the lightness of formalistic creeds, expressions, nor into the bigotry of theological narrowness. Only the light of the world can end the darkness at the end of this chaotic age.

God is selecting his people, grinding and polishing them through the cauldron of spiritual need and suffering and when the divine process is completed they will be freed from obsolescent dogma and creed and be clothed with multifold weapons of spiritual warfare.

It is too late and too dark for another denomination to be born. Out of all groups today, God is calling a people OUT OF A PEOPLE.

The Light of the world is the God of the eternal NOW, Who can look at the darkness of history from the beginning or the end or the middle, for out of His eternal NOWNESS HE spun this time-spaced world into existence.

Christ said, "Ye are the light of the world." Christ's called out company of anointed sons are coming together in corporate unity in given localities. We are coming under the reign of the Father energized by the Holy Spirit to become a Theocratic, Evangelistic community in this dark world, attracting the attention of men and women who will be forced to declare that the sending of the "Light of the World" in the purpose of God, was the ultimate answer to earth's need in an alternate society, in a counter culture, through the anointed sons of God who have "got it together."

The Light is here. The Lights are spreading! Keep the faith.

SEAMES - WESTLEIGH

St. Athanasius-St. John Church, Rumford, was the setting for the marriage on Saturday, Oct. 10, of Mrs. Debra Leigh Westleigh of Norway and Peter Joseph Seames Jr. of Locke Mills. The bride is the daughter of Mrs. Carol Verrill, Westchester, and George R. Westleigh Jr. of West Bethel. Mr. Seames is son of Mr. and Mrs. Peter J. Seames Sr. of Locke Mills. The afternoon ceremony was performed by Father Michael R. Cote.

Mr. and Mrs. Peter J. Seames Jr.

Attending her sister as maid of honor was Theresa Marie Westleigh of Westchester. Bridesmaids were Mrs. Althea Stevens, Bethel, Mrs. Diane Howe, sister of the groom, Locke Mills, and Mrs. Rhonda Masterman of Woodstock. The flower girl was Carrie Ann Olson, daughter of Mr. and Mrs. Neil Olson, of East Bethel and ring bearer, Mark Shannon Verrill, brother of the bride, and son of Mr. and Mrs. Lanny Verrill, Westchester. The groom's attendants were best man, Donald Decker Cole of Greenwood, and ushers, Marvin Lee Cole, Alan Rodney Howe, brother in law of the groom, both of Locke Mills and Bob C. Kimball of Oxford.

Following the ceremony, the young couple greeted their guests at a reception at the Locke Mills Legion Hall. Gift hostesses were Patty Savage and Avis Cole, Locke Mills; Linda Cole, Greenwood; and Brenda Roberts of Norway. In charge of the guest book were Debbie Cole and Cindy Hebert, Greenwood, and reception announcer was Raymond Seames, also of Greenwood. Soloist was Steve Seames of Locke Mills. Following a wedding trip to Vermont, they are at home at 27 Cottage Street, Norway.

The bride is a 1976 graduate of Telstar Regional High School and is employed as a nurse's aide at Lodgeview Memorial Home, West Paris. Mr. Seames is also a graduate of Telstar Regional High School and of CMVTI in 1975. He is a carpenter employed at North-east Housing, Oxford.

HELEN FARRAR SULLIVAN

Mrs. Helen Farrar Sullivan died Wednesday, Oct. 27, 1976, in Providence, R. I. She was born in Bryant Pond, Aug. 10, 1907, daughter of Perry B. and Alice Bowker Farrar and attended Woodstock schools, graduating in the class of 1924, Woodstock High School. Surviving are her husband, Davis Sullivan, and a sister, Florence Bryant.

Services were held Oct. 30 in Providence.

TELSTAR SENIOR GROUP

PARTICIPATES IN INTERVIEW SKILLS WORKSHOP

A group of Telstar seniors recently participated in an Interview Skills Workshop run by Helen Berry, and James Roy at the high school. Mrs. Berry has taught English at Telstar since its beginning eight years ago and for two and a half years prior to that in the area. Mr. Roy is a guidance intern at Telstar and is completing his master's work at the University of Maine at Portland-Gorham.

The students, members of Mrs. Berry's period C English class, worked on a variety of things including filling out applications, development of proper telephone technique, role playing, and taping of practice interviews. In order to evaluate the success of the workshop, students were required to set up and participate in a mock interview with area business representatives. Among those cooperating were the following: Roger Conant (Cascos Bank and Trust), Bob Gilbert (P. H. Chadbourne and Company), Dexter Stowell (Stowell Silk Spool), Dexter Landers (Ekco Wood Products), and John Gasser (Sudbury Inn). The businessmen rated the students on their interview skills. (See photograph Page Three)

Student reaction to the project, while generally positive, was varied.

"I got some experience in being part of an interview. I learned some things about an interview, how they are conducted, how you should dress, how you should act. I think this little project helped me out a lot," says David Dolloff.

"I wasn't here to do any of it, if I was I probably would have liked it, but I got nothing out of it," was Bonnie Hutchins' comment.

Alan Howe's reaction: "One of the things I got out of this is the experience needed for future job applications. Even though it was just once, that's one more time of experience and that is the best teacher."

Several students made suggestions to improve the workshop and most felt it was worth doing again.

The other students involved were: Ricky Waisanen, Brad Wright, Brian Verrill, Rickie Osgood, Mike Lannon, Brian Dunham, Sharon Gigliotti, Alvin Gross, Eric Kendall, Elizabeth Horton, Susan Corriveau, Peggy Verrill, Lloyd Poland, and Carol Frazier.

On Route 2. Following review, the Board directed the Manager to invite Mr. Huddins to the next meeting to further explain the report and answer questions.

The Manager informed the Board of Maurice Roy's resignation from the Budget Committee. Mr. Roy's resignation was submitted as he will be moving from the area. The Board voted to accept Mr. Roy's resignation with regret and directed the Manager to write Mr. Roy expressing appreciation for his service to the community.

A letter was received from residents of Mason expressing concern about flooding that occurs on the Flat, Swamp and Grover Hill Roads during periods of heavy rain and during spring runoff. It was pointed out that when these roads are flooded, the residents of Mason are inconvenienced. The letter requested immediate action to correct this situation. Following discussion, the Board directed the Manager to discuss this situation with the County Commissioners and write the residents of the area indicating that the town has applied for assistance from the National Guard in rebuilding a section of the Grover Hill Road; that the town will consider work on the other roads when setting 1977 budget priorities; and that the town will discuss the situation with the County Commissioners.

In other actions, the Board approved a beano license for the American Legion, approved a payment to Berry Fire Equipment for their assistance at the Western Maine Lumber company fire in October, discussed town liability insurance, signed warrants, discussed assessment problems, and authorized the Manager to request approval from the State Department of Transportation for the Chamber of Commerce to install directional signs at five locations in town.

The Board of Assessors continued their review of assessment problems Tuesday night. A number of residents who had requested to talk with the assessors were present to discuss specific concerns.

With the resignation of Maurice Roy from the Budget Committee, we invite any citizen interested in serving on this important Committee to contact the Town Office or any member of the Board of Selectmen prior to Nov. 22.
